Fundraising Event

Registered charity number: **1089464**

Dear Parents and Carers,

We are delighted to invite our Year 5 children to take part in a fundraising non school uniform day, in aid of Cancer Research. This charity was chosen by the children and they discussed and voted which charity they would most like to support, in our oracy assembly.

It has been decided by the children that they could either bring in a monetary donation or that they could donate a small item that is no longer used - such as a book or a small toy to the Cancer research shop in town. It is down to each child and family's choice, which type of donation they would like to choose, if they are happy to support this charity.

Date: Friday 26th June

Theme: Non school uniform

Donation: small item such as a book or a toy to the Cancer research shop in town **or** a monetary donation.

To support this event, we kindly ask for the **donation** to be brought into school by **Friday 26th June**. We suggest a minimum donation of £1; however, any contribution is greatly appreciated. We also encourage children to talk with family members about why they are raising money and why this charity is important to them.

All money raised will go towards supporting the important work of the Cancer Research.

Thank you for your continued support.

Mrs Spyrou
Year 5 Class teacher.
